SOFTWARE DEVELOPER

Trained designing and developing software for business solutions

Self-managed developer who likes to investigate and accept challenges and whose work experience is focused mostly on developing side front0end and Back-end. I would like to be one of key developers in a strong proactive "continuous delivery"-aware development team working on a project that will require the team to make long-term architectural decisions and master new frameworks.

Key skills Experienced with:

- Languages: *C#, .Net, Web Services, LINQ, JAVASCRIPT, JQUERY, HTML-CSS*
- Applications: *MS Visual Studio, MSMS*
- Application servers: *IIS, XAMP*

- Operating systems: *Windows, MAC*
- Database systems: *SQL Server, MySQL*
- Certifications: *IC Agile Certified*

Key skills Knowledge with:

- Languages: *PHP, Angular, NodeJS, HTML5*
- Applications: *PhpMyAdmin, WORDPRESS*
- Application servers: *GIT, WAMP*

- Operating systems: *Linux*
- Database systems: *MongoDB, MySQL*
